

200W High bay Lighting specification

Features:

- Superior color rendition index >80
- 40,000hrs life of LEDs
- Aluminum body parabolic reflector.
- High efficacy of 105lm/W
- 1.2M flex and plug.
- Low power consumption
- Instant on/off operation
- Mercury free, lead free
- Temperature compensation technology for longer life
- One man installation
- Replaces up to 400W HID fittings
- Optional glass retention for food applications
- 5 year full performance warranty

H200 LUX Information

Distance	Actual Lux	160°	Dim (m)
4M	371 Lux		9m
6M	305Lux		14m

Save \$315 /Yrs Comparison Vs 450W Mercury

	YEAR COST	LIFE SPAN	WARRANTY	TEMPUATURE	GREENHOUSE GASES
450W W V high bay	\$567	10,000HRS	NO WARRANTY	300°	22.5TONES
200W Lumen power	\$252	40,000HRS	5 YEAR	50°	10 TONES

Based on current cost of electricity used at \$0.29KW/Hrs, running 12 hours per day,

Specification

Model	High bay Light
Wattage	200w
Lumen	21,000LM
Light source	AC COB
Input Voltage	AC240V (Dimmable option)
CRI	>Ra82
PF	>0.55
CCT	5000K
Beam angle	160 degree
Lamp housing	Aluminum
Lamp size	Dia395*100mm,
Operation Temp	-20-60°C
Lifetime	40000hrs
Certification	SAA 150445
